COVID-19 Update

OnPoint is fully operational with the majority of our team working remotely via secure VPN-based access to both internal and customer servers. All key functions including our private cloud customer servers are hosted in virtual space, and our business continuity plans are up-to-date to ensure we can continue to support our customers and partners without issue.

Extra Support

For the coming calendar quarter (April through June 2020), OnPoint is offering four (4) hours of additional technical support or design assistance each month at no additional cost. Do you need a little help using a feature you've not used in the past, or guidance setting up a catalog, hierarchy or dynamic groups? What about updating your User Interface, establishing a new dashboard, or just getting some general "how-to questions" answered? We'll be tracking the hours for the quarter, so you can use all 12 hours together if you have a bigger project, or monthly as needed instead.

Learning Solutions 2020

The Elearning Guild's Learning Solutions event in Orlando has been cancelled this spring, and several other industry shows have also been cancelled or postponed as well. OnPoint plans to keep our
